Introduction

This document is intended to illustrate the abstract form and manner for the 2\textsuperscript{nd} International Society of Sports Sciences in The Arab World (I3AW) Congress. This congress is focused on the fields related to Sports, Physical Education, Physical Exercise, Physical Activity and Human Movement. All sciences are included: human and social sciences, intervention, educational sciences, physiology, medicine, economics, biomechanics, neuroscience etc. ... (this is a non-exhaustive list). The abstract contains between 500 (minimum) and 800 words (maximum), and must meet a simple interline including: title, authors' names and first names, affiliate institutions of the authors, the first author’s email address, five key words, introduction, method, results, discussion and references. The font will be Times New Roman size 12, except in the title of the paper (size 14). The text file should be Microsoft Word and has to be sent to abstracts-I3SAW-2017@i3saw.org with the following document name: surname_first name_theme.doc

Method

The methodological part clearly describes the study participants (selection procedure, number and main characteristics of the subjects), the procedure put in place and the tools used.

Result

This section presents the main results obtained in the framework of the study. These can be presented as text or using tables or figures (respecting standards APA, 6th edition).

Table 1. Calendar submissions and registrations

<table>
<thead>
<tr>
<th>Steps</th>
<th>Dates</th>
